

PADMA ESTATE

Morningside, Sandton

Padma means "lotus" in Ancient Sanskrit, and has come to symbolize purity, harmony and balance in many ancient Eastern philosophies.

The lotus blossom grows in water and stays pristine, though water clings to the leaves of most plants, not so the pure lotus.

The lotus blossom does not wait for spring to arrive, it blooms every day and gladdens the hearts of all those who see it.

Padma represents signature living space incorporating purity, harmony and balance, providing a relaxing backdrop as well as a sense of well-being for even the most demanding lifestyles...

Peace
